## PROFESSIONAL SUMMARY

Backend Developer with 3+ years of experience specializing in PHP (CodeIgniter 3) and MySQL. Expertise in developing complex MLM systems, logistics platforms, and API-driven automation. Proficient in commission distribution logic, recursive algorithms for tree structures, and Telegram bot integrations.

## TECHNICAL SKILLS

<b>Languages/Web:</b>	PHP (Core + CodeIgniter 3), JavaScript, AJAX, Bootstrap 5
<b>Database:</b>	MySQL & Database Design, Query Optimization
<b>Integration:</b>	REST API, cURL, Telegram Bot API, Google Maps API
<b>Specialized:</b>	MLM Logic, Cron Jobs, Wallet Systems, Payment Gateways

## PROFESSIONAL EXPERIENCE

### Backend Developer

Aug 2024 – Present

Ownzoinnovation – Bareilly, UP

- Developed scalable MLM systems supporting Binary, N-ary, Matrix, and Auto Pool compensation plans.
- Built robust commission engines (Level, Direct, ROI, Matching) using recursive tree logic.
- Implemented comprehensive wallet management systems for earnings, deductions, and payouts.
- Automated system notifications and alerts via Telegram Bot API integration.
- Designed logistics modules for pickup/delivery logic and dynamic fare calculations.

### Backend Developer / PHP Developer

Nov 2022 – June 2024

Zeltis Infotech – Noida

- Developed core backend modules and APIs using PHP (CodeIgniter 3) and MySQL.
- Collaborated on real-time projects including payment verification systems and MLM platforms.
- Optimized database structures for high-traffic API interactions and system logic.

## KEY PROJECTS

### MLM Platforms (Multiple Implementations)

Engineered payout automation and referral tree structures for diverse business models including Binary and Matrix plans.

### B2B Intracity Logistics Platform

Integrated Google Maps API for distance calculation and driver allocation with a dynamic fare engine based on per-km logic.

### SaaS Messaging Platform (In Progress)

Building an API-based system focusing on template messaging, webhook handling, and notification automation.

## EDUCATION

Bachelor of Engineering (B.E.) in CSE | IET Khandari

2022

Diploma in Engineering | University Polytechnic

2019
